

## **The Scholastic Shooting Sports Foundation Program Announces New Partnership with All I Can to Help Raise Funds for the Youth of Tomorrow**

Shelby Township, Michigan (June 9, 2009) – The Scholastic Shooting Sports Foundation (SSSF) is pleased to announce a newly formed partnership with All I Can (AIC) which will help minimize the cost of youth participating in the Scholastic Clay Target Program (SCTP). AIC has stepped up to provide a means for any company that utilizes credit card processing in their everyday business transactions to support SSSF and to assist coaches and parents of athletes to offset the cost of youth partaking in SCTP. The beauty of AIC is its design. The system is simple, easy and there is no cost. By transferring your company's credit card processing to AIC from your current service provider, AIC will donate 25% of the profit from each and every transaction to support youth participation in SCTP.

Through AIC there is no long term contract and you pay no transfer fees. Your transaction fees will never be greater than what you are currently paying. All I Can is helping you do your part by providing a service which you already are paying for and you will be helping the youth of tomorrow through SCTP.

"AIC is dedicated to encourage positive values that help young athletes succeed", says Lonnie Dahl, President of AIC. Continues Mr. Dahl, "AIC wants to foster the traits of individual responsibility, teamwork, self-discipline and fair play." Adds Dr. William Christy, Executive Director of SSSF, "With AIC and SSSF working together we are providing young people with more opportunities to be involved in shooting and this partnership provides each company in the outdoor industry a way to be involved as well." Visit [www.isupportsctp.com](http://www.isupportsctp.com) or call 866-966-7287 for more information on All I Can and the simple steps it takes to sign up for this no cost program.

The SSSF is lending a hand to introduce school-age youth to clay target sports. SSSF makes it possible for youth to continue involvement by providing, promoting and perpetuating opportunities to safely and enjoyably participate and compete in a high-quality team-based sport. The activities the SSSF provides are led by trained coaches with the goal to enhance the personal growth and development of their athletes through the SCTP. To learn more about SSSF and SCTP visit the newly launched website at [www.sssfonline.org](http://www.sssfonline.org).
